

Healthcare for Foreign Students in Prague

Our office provides a wide array of general medical care for foreign students in Prague including:

- **Evaluation and treatment of common acute illnesses**
(i.e. respiratory infections, joint injuries, abdominal pain)
- **Management of common uncomplicated chronic illnesses affecting our population**
(i.e. asthma, acne, seasonal allergies)
- **Primary care mental health**
(i.e. depression, anxiety, ADHD)
- **Travel medicine**
- **Confidential STD testing**

Discounts for non-insured students, medical reports for free.

Low prices of laboratory tests (payment directly to laboratory - no other fees).
